

LIV BUNYAN

FOR PSA GENERAL SECRETARY

ABOUT ME

My name is Liv Bunyan and I am a first-year Juris Doctor student. This year I have served as Secretary of the UWA Philosophy Society, where I gained practical experience in committee administration, preparing agendas, taking minutes, managing correspondence and helping ensure actions and decisions were followed through. That experience has given me a strong understanding of what is required to keep a student organisation organised, accountable and running effectively behind the scenes. I am comfortable working with committees, managing competing priorities and making sure important information is communicated clearly and on time.

As General Secretary, I would bring a careful, organised and reliable approach to the role, while supporting the President and wider PSA Committee to deliver for postgrad students. I am diligent, approachable and committed to ensuring the PSA remains well-run, transparent and responsive to the needs of its members.

2026 SECRETARY | UWA Philosophy Society
