

ALEX HUTT

FOR PSA PRESIDENT

ABOUT ME

My name is Alex Hutt, I'm a Master of Public Policy student and the current President of St George's College. Through my time as President and previously as a Residential Adviser at George's, I have gained extensive experience representing students, leading a community, working with a diverse range of people, and advocating for student needs. These roles have taught me the importance of approachable, practical and effective leadership, as well as how to turn student concerns into meaningful outcomes. I am friendly, hardworking and committed to ensuring postgraduate students have a strong voice at UWA, and I believe my leadership and advocacy experience make me an excellent candidate for PSA President.
